Dear Christopher

Re: Initial Interview

Thank you for coming in to see us.

I note you are not intending to take further steps in relation to the money belonging to your mother.

If at some stage you want further assistance in this please let me know.

In the brief discussion I had with you it appears as if you have a legitimate case and that there are matters that should be pursued.

In the meantime, a bill of my costs for attendances is **enclosed**.

Yours faithfully

LINWOOD LAW
